ALL-NEW FORD TERRITORY 2025

Dynamically designed and efficiently engineered, the All-New Ford Territory sport utility vehicle (SUV) boasts its trend trim with seating for up to 5. It is ready for almost anything you and your family can dream up. With its wide stance, sleek body, and attention-getting creases and curves, the All-New Ford Territory SUV will inspire looks everywhere you go.

5 Years Manufacturer Warranty/ 100,000 Km*

Best-In-Class Fuel Consumption

INSPIRED TO
STAND OUT

4 MULTIPLE DRIVING MODES

MOUNTAIN (OFF-ROAD)

For driving on rough uneven terrain, Mountain (Off-Road) mode optimises accelerator pedal response to give you more control over your vehicle when traversing off-road obstacles. Traction control and stability control settings are optimised. Use this mode when driving through sand, loose gravel, mud, or mixed off-road terrain.

ECO

Enables efficient driving. It helps to deliver maximum fuel efficiency.

NORMAL

For everyday driving. This mode is a perfect balance of excitement, comfort and convenience. This is the default mode on start up.

SPORT MODE

For sporty on-road driving. This mode increases throttle response, provides a more dynamic powertrain sound and steering feel, along with a more sporty shifting experience.

With its 1.8L EcoBoost I-4 engine and 7-speed automatic transmission, the All-New Ford Territory SUV helps you cover ground quickly. With 190 max. horsepower and 320 Nm of torque, Territory accelerates smoothly as the transmission optimizes gear changes. 4-wheel disc brakes with an Anti-Lock Brake System (ABS), and Electronic Stability Control with traction control help maintain a stable ride in varied road and weather conditions.

1.8L ECOBOOST I-4

Standard on every All-New Territory model

320 ^{NM} TORQUE 190 ^{HP}

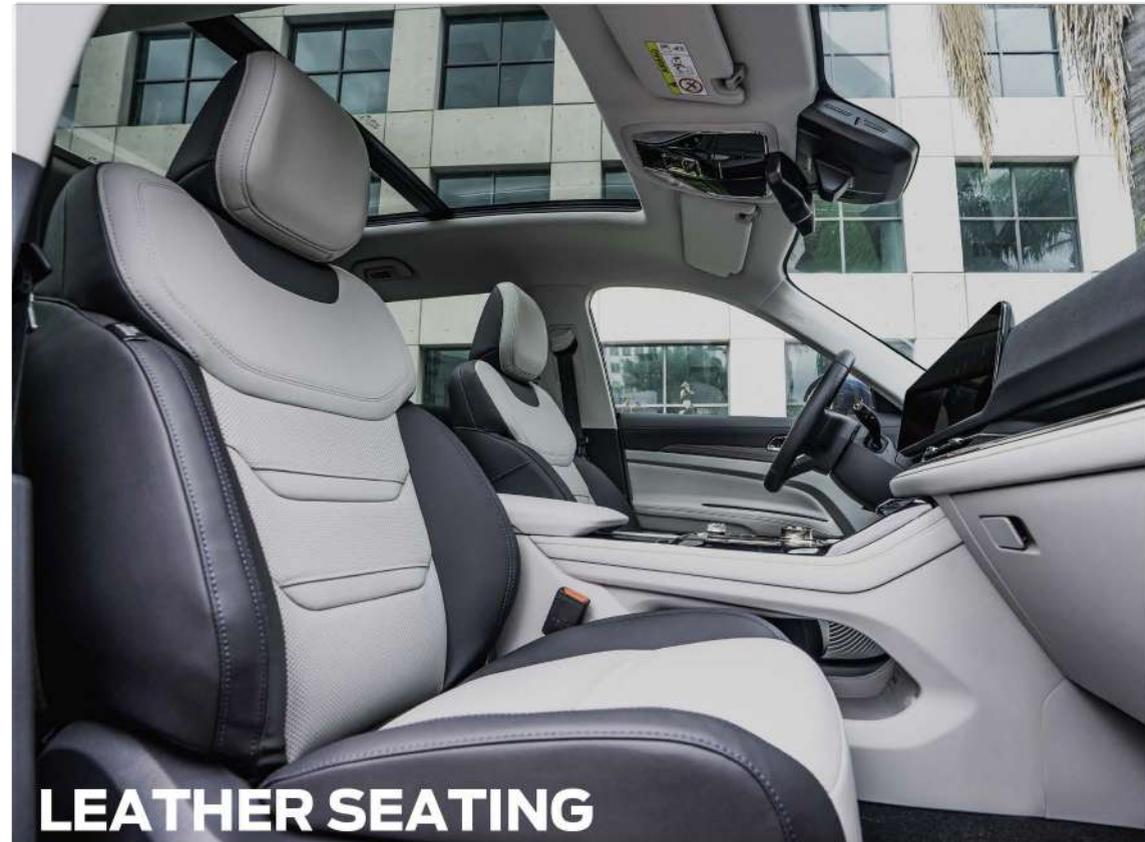

PANORAMIC SUNROOF

Experience an open-air journey on the open road. Let in the natural light and fresh air, at the press of a button. Whether you are sitting up front or in the back. The All-New Ford Territory's Twin Slide Panoramic Sunroof doesn't just open a beautiful view of the world, it also slides back over, rather than under the rear panel, to give you maximum headroom. And sometimes it's these little things that make all the difference.

SIGHT LINES

Built for memorable moments, the stylish and spacious interior is designed to welcome all. Smart keyless entry gets you in, push-button start gets you going, while rear-seat air vents help keep everyone comfortable along the way. A sporty flat-bottom steering wheel and horizontal design theme emphasize modern elegance.

LEATHER SEATING

INNOVATION + BUILT-IN CONVENIENCE

Inside its luxurious interior, the All-New Ford Territory SUV has a standard panoramic In-Vehicle Infotainment (IVI) display for the driver. Trend trims have a 7" gauge cluster for the driver, and a standard 12" center stack touchscreen controls the infotainment system with Apple CarPlay[®]1,2 and Android Auto[™]2,3 compatibility with wireless connectivity. Bluetooth[®] connectivity makes for easy voice-activated controls, while a 12V powerpoint in front and 3 USB ports help keep your smartphones and other devices charged and ready to go.

INTERIOR AMENITIES

A STEERING WHEEL-MOUNTED CONTROLS

Place calls and more with these convenient controls.

B ROTARY GEAR SHIFT DIAL

Shi gears easily with just a turn of the dial..

1. Apple CarPlay and its functions are products of Apple[®] and its terms and privacy statements apply. Requires compatible iPhone[®] and data plan. All features supported in Middle East countries are available. 2. Functionality varies by market. 3. Android Auto and its functions are products of Google[™] and its terms and privacy statements apply. Requires compatible Android[™] smartphone with Android Auto app on Google Play[™] and data plan. All features supported in Middle East countries are available. 4. Qi wireless charging may not be compatible with all phones.

12 INCH TOUCHSCREEN

DRIVER-ASSIST TECHNOLOGY

Beneficial in a variety of situations and conditions, Ford driver-assist features¹ can supplement your driving skills to help you feel confidently in command.

STANDARD FEATURES

- BLIS® (Blind Spot Information System)
- Cruise Control
- Rear Parking Sensors
- Rear View Camera

The BLIS® (Blind Spot Information System) can alert the driver to a vehicle detected alongside and difficult to see. When a vehicle is detected in your blind spot, you are alerted with an indicator light in the side view mirror.

The rear-view camera provides a video image on the center-stack screen of the area behind your vehicle. The camera is activated when you shift into Reverse and back up slowly. The screen has guides to assist you with backing up in tight places.

¹. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. It does not replace safe driving. See Owner's Manual for details and limitations. ². Requires cooled front seats. Restrictions may apply. See your distributor for details.
